

Press Release

Rodgau, 23.04.2004

Manbar Technology Ltd. - New Israeli Distributor for Omicron Laserage products.

Omicron Laserage Laserprodukte GmbH is proud to present Manbar Technology, its new distributor.

Founded in 1989, Manbar Technology is a well-established marketing and consulting services company, specializing in scientific equipment both for research and industrial applications as well as for testing and measurement in the electro-optical industry. Their focus is on equipment for analytical chemistry and electro-optics, such as lasers, electro-optical components, spectrometers, radiometers, Raman micro-spectrometers, ion chromatographs, liquid chromatographs and element analysers.

Manbar will distribute and service Omicron's laser products in Israel and the surrounding countries. For more information concerning the services of Manbar Technology Ltd. go to www.manbar.co.il
